Cambodian Prisoners Heard the Gospel Gladly

by Andrea Sekhin

Greetings! Praising the Lord that He allowed me to minister throughout Cambodia. I held services in three prisons; in two prisons, all prisoners were allowed to attend the services and hear the Gospel. I distributed one thousand two hundred and thirty-four food packages to the prisoners and workers. The packages contained five instant noodles packets, two cans of canned fish, and two cakes. I also gave food packages to the prison workers. Prisoners, administration personnel, and guards warmly thanked me for coming.

I was able to minister to many poor and unbelieving people in Cambodia. More than fifteen hundred people heard the Gospel, many for the first time. Most of them repented of their sins and accepted Jesus Christ as their Savior. I was able to give support to local missionaries that will follow up with the new converts. I also preached the School of Christ material in three churches.

Now on to Myanmar, where I will continue to preach the Gospel to Buddhists. I will also visit former graduates of the School of Christ and preach the School of Christ in their Churches. **(Report will be in next month's WMR.)**

Pray as I travel and minister to the people of Cambodia and Myanmar.

Training in Brazil Continues to Expand

In a conversation with SOC Director Richard Goebel, he said that our worst enemy is time. There are those that say we have plenty of time to work, but we know we must work quickly because the Lord's coming is at hand.

Pastor Paulo Sergio Da Silva from Vila Vela, Brazil, attended the School of Christ in Nicaragua. While there, he felt the Holy Spirit leading him to go to Burundi, Africa, to minister, as well as his home country of Brazil. Upon returning to Brazil, he quickly began to arrange to hold a School of Christ School in the city of Vilhena. He contacted thirty pastors, but due to the virus and other things, nine pastors and seven evangelists eagerly arrived to learn more about the

twenty-one-day SOC training. These men and women of God, some who traveled a long distance. My heart desired to be in the School from the beginning. However, I had an emergency operation for appendicitis and could not travel for twenty-five days. I started my trip to Brazil during the last week of training and participated in the graduation.

pastors and the president of the city's pastoral unit came to have breakfast with us, and I quickly gave him a presentation on the School of Christ.

A student, Pastor Edeclaudio from the El Shaddai Church, testified that the School of Christ had come into his life at a difficult time. During the SOC, he felt the Holy Spirit directing him on how to handle the situation. Praise God for the working of the Holy Spirit. All of the ministers that attended the SOC testified that they were renewed in their spirits.

School of Christ in their city.

To God be the Glory for opening up a door in another area of Brazil for us to train ministers, missionaries, and workers with the School of Christ International material. I want to thank everyone for their prayers and contributions so that the work of the Kingdom continues in this part of the world. God bless you.

One of the most influential

Winter SOC in Karlia, Russia

by Yakov Demianchuk

The winter School of Christ in Karelia, Russia, was attended by twenty students. They arrived at our facility hungry to be filled with the Holy Spirit and hear from God. Their desire is to hear and obey wholeheartedly what the Lord has planned for their lives. God came and met with us; change, renewal, and dedication were the results. I am seeing an increase from ministers in Central Russia

requesting we come and run a School in their areas. They are searching for the True Gospel. There is a great need for training. Pray for our ministry here in northern Russia as we stand in prayer for the work of the School of Christ around the world. We believe, we stand, and we continue. It is a great privilege to be part of the SOC work. God bless you!
