Summit 2023 Report

During the last week of October, we were privileged to have hosted our second SOC Summit. Brothers and sisters from not only the United States, but from around the world joined us for 3 days of fellowship, the Word of God and prayer!

The lessons of the SOC, which were ministered by Brother Brian Larsen, Brother Robin StClair and Brother B.J. Larsen, were timely and anointed. God moved in every session, dealing with our hearts and our lives. A common theme that connected every one of the thirty lessons taught, was the truth of our need to displace the old life source of self and allow Christ to connect us to the New Life in Him by the Holy Spirit. Only when we put off the old man and put on the New will we be eternally effective for the building of

the Kingdom of God. "...seeing that ye have put off the old man with his deeds; And have put on the new man, which is renewed in knowledge after the image of him that created him: Where there is neither Greek nor Jew, circumcision nor uncircumcision, Barbarian, Scythian, bond nor free: but Christ is all, and in all." Colossians 3:9-11

It was evident during this Summit, that it was a divine appointment from the Lord. From the beginning to the end, He brought Choice brothers and sisters to share in these special moments of fellowship. We are looking forward to hearing all the testimonies that will come as a result of the life commitments made during this time.

Summit...

gratitude to Pastor Matt Gregory of Harvest Time (Full Gospel) Church, and his staff for having provided us with the use of their facilities at Eagles Point Retreat Center.

If you have not already, please like us on Facebook and Instagram, as we will be announcing the dates of our upcoming SOC Convention and future Summit. We hope you will make plans to join us and become a part of the wonderful work that God is doing through the Missions Ministry of the School of Christ International.

SOC Nicaragua

Through His mercy, God has blessed our nation of Nicaragua. This year's work has been one of significant challenges because we must carry out the work of the School of Christ under much adversity. However, the work has marvelously advanced in this nation. We are working in the north and south of Nicaragua and the Caribbean.

We were honored to hold two wonderful congresses, one exclusively for pastors and the other for pastors and graduating students from inside and outside

the country. We experienced the presence of God so strong in every service. The Word of God challenged everyone in attendance. God spoke to each heart as Missionary Richard

Goebel brought powerful messages to the Church. Pastors testified that the Holy Spirit moved them to return to the Scriptures and the Word of God to prepare their church for the coming of the Lord.

We now have over 180 students being trained in SOC Schools and our work in the Maximum-Security Prison where we have seen the Glory of God with power. Since 2007, the work has been supported not by man but by a ministerial body of men whom the power of the Gospel of Pentecost has transformed.

Thank you to everyone who has prayed and contributed financially to the work of the School of Christ International. There are many testimonies of how God is using this vital tool, the School of Christ. I have said it before, and I will repeat it: Nicaragua only needs more of Christ and thank God the SOC allows me to reach my nation through this wonderful tool.
