First School Since Pandemic Held in Myanmar

Due to the COVID-19 pandemic, we last taught the School of Christ at the Myanmar Christian Assembly in 2019. Because Thailand lifted its COVID restrictions, MCA finally resumed its regular schedule this year, and we then resumed our training by teaching thirty-four potential aspiring pastors and leaders the SOC for two weeks at the church.

Immediately, we could see a shift in the Spirit as students were different than in prior Schools. They were much more attentive and involved than the other groups that attended the SOC. They allowed no distractions to enter during the classes. They shouted out hearty Amens even when we weren't expecting it.

Over three years ago, Pastor Yimmi Janger from Nagaland, India, contacted the SOC about training for

the pastors and workers under his leadership. Pastor Robin StClair, Vice President of SOC and Director over India, traveled to Nagaland to meet with

Pastor Janger last May to see the facility he had or what was needed to run the School of Christ. Pastor StClair realized that a building had to be built in order for us to train there. After returning to the States, President Brian Larsen, and Pastor Robin StClair began to pray for God's direction to train these pastors and workers. At the SOC Summit 2023 in October, Pastor Joseph Raju from India contacted the SOC office to attend the Summit as he was already

already in the States. After meeting Brother Brian Larsen and Pastor Robin StClair, he said, "Now I know why God sent me here." He has the facility to house and train the students from Nagaland and wants the ministers under his leadership to be trained. The pastors in Nagaland can easily travel to the facility in India. Praise the Lord! God has everything under control!

Pastor Yimmi Janger had never been through the School of Christ, so arrangements were made for him to attend the SOC School at the Myanmar Christian Assembly. He and another leader attended this School, and they fit in very well with the Burmese students. Even though Pastor Janger has over 1000 believers under his leadership, you would find him cleaning the church

We taught and prayed for the students daily and graduated the class after two weeks of training. We also saw three of our former students who are now pastoring satellite churches in three different Thai cities.

Thailand SOC Students Hungry for Truth

I traveled to Chiangmai, Thailand, to teach the School of Christ at the SOW Bible School. God blessed us with thirty-four hungry and dedicated students. There was an intensity in these students during every class. They were hungry for the true Word of God.

2011 SOC Graduate now working in Bangkok.

One of our 2011 SOC graduates for the Myanmar Christ Assembly School in Bangkok was able to come by to visit us. He is now in full-time ministry as an evangelist. Seeing our former students and hearing how the Lord is using them to train,

encourage, and uplift the body of Christ is such a blessing.

Pastor Hla More and Pastor David Lah from Perth, Australia, were in attendance and asked us to come and teach the School of Christ in Brisbane and help plant English-speaking churches in that area.

We see the Lord moving and opening doors in new areas for the School of Christ to move forward. Keep the work of the SOC in prayer, as we know we are living in the last days before the return of Christ. We pray that we will be found faithful and working when He returns.

Director David Jacobson teaching the School of Christ International lessons in Thailand.

The School of Christ is all about becoming the Word of God. For example, the outworking of sanctification is the "conforming us to the image of Christ." One entire series of the School of Christ deals with "The Person of Jesus". These lessons will remove every doubt as to what the purpose of God is for your life.

Moreover, these lessons will show, beyond a shadow of a doubt, that if you "Become" what God desires, you will then "do" all that God commands. I promise you that this will be a defining moment in your spiritual life. You will be changed, inspired and challenged.
