# Reconnecting and Planting New SOC In India

by Robin St Clair

In February, I had the privilege of journeying to India with a few other men to minister, teach, and explore the establishment of a new School of Christ across those lands. Our hearts were filled with awe as we witnessed numerous miracles, salvations, and Pastors being uplifted through the teachings of the SOC. One of the most profound experiences was our opportunity to minister in a leper colony, where we saw the Glory of the Lord manifest in a powerful way, as lepers wept and turned to Christ.

This trip to India had come together months earlier in Tatum, Texas, at the School of Christ Summit 2023. We had been exploring and praying for some time about reestablishing the School of Christ in India. The SOC has been running in India for many years through the labors of the known and unknown, but there was a real stirring to reconnect and plant new schools in India. In Tatum, TX, the Lord had brought a man from

India to the SOC Summit 2023 to bring this desire to pass. During the meeting, I was introduced to this dear brother from India who was not only greatly moved by the teachings of the SOC but also exceedingly desirous of reestablishing the SOC in India. When I introduced myself to him at the Summit, he later said that the Lord said, "This is why you have come to this Summit: to help run the SOC in India." We both knew that the Lord was at work.

While in India, we presented the SOC and prayed about how we could best move forward. Currently, India has around 1.6 billion people, and there is a real hunger for God. Many pastors expressed how much the SOC teachings are needed as they seek to reach and disciple the new converts. The brother the Lord connected us with is sending his adult children to the SOC school in Ireland. It is truly remarkable to see how the Lord is bringing all things together to continue to reach India and that part of the world. God is at work.

Through this trip, we were also able to connect with former SOC Directors. Out of that connection, we are currently running the SOC for tribal Pastors in the western part

# School of Christ International 2024 Summit

“I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service. And be not conformed to this world:

but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God.”

It has been nearly three years since the Lord first laid on our hearts the vision of the SOC Summit. In October of 2022, we hosted our first Summit, and then we held our second one last year. Both times proved to be Divine appointments

for everyone who took the time out of their schedules and made the investment to be a part of these glorious days with the Lord. During the SOC Summit, we place great focus on prayer and the Word of God, teaching lessons directly from the curriculum of the School Of Christ.

I am happy to announce and invite you to attend our 3rd Annual SOC Summit! It will be held at 10730 North Major Drive, Beaumont, Texas, from October 24th – 27th, 2024. As with our past Summits, we will offer a taste of the daily activities for anyone who attends a full-time SOC School. We begin our mornings with at least one hour of prayer, followed by breakfast. We then teach lessons from the morning session until noon, when we would break for lunch. During our classes, we believe in giving the Holy Spirit complete liberty to move and work in our midst. As a result, we have had additional prayer times after lessons that dealt with the

class as a whole. After lunch, we return for our afternoon sessions and proceed just as we did in the morning. Our day will end with two more lessons and a final hour of prayer following supper. We follow this schedule on Friday and Saturday, and we will close out our weekend with a morning session of lessons before dismissing everyone at noon on Sunday.

Our entire purpose for the SOC Summit is to offer a place where you can spend time with the Lord in prayer and in the studying of the Word of God. The lessons of the SOC have proven to be an effectual instrument for dealing with and changing the lives of all who are seeking to draw closer to the Lord. I am thrilled and eagerly anticipate your presence at the 3rd Annual SOC Summit this October in Beaumont, Texas!

## *Testimony from Desaray Clinton – Graduate of the SOC Sunday School Class at Bethel Pentecostal Fellowship*

Every lesson I had attended during my time in the School of Christ Sunday School Class left me with 1 of 4 things: Nuggets of wisdom, conviction, a new perspective, and/or confirmation. The Last of those is the one that either confirmed something I encountered previously in my daily life or the lesson itself was confirmed that same morning in Sunday Service. God often used that class to tell me “I see you. I hear you. I want to better you.” On top of that, I have found that though our lessons came from material written some time ago, it still seems as relevant today as the day it was written. Still so applicable. But what else could you be expecting from something inspired by such unchanging Truth.

of India. This dear brother is also translating many of Bro Clendennen's books into different Indian languages.

We are blessed by how the Lord uses the SOC to reach, train, and disciple those in India. We covet your prayers as we follow the Lord's leading in India. Thank you for your continued support!

## Online SOC Testimony

My Name is Frank NSABIMANA. I am 29 years old and from the Republic of Rwanda. I was raised in a Pentecostal Church and fully committed my life to Jesus at the age of 18.

I began seeking spiritual guidance because I knew God had called me into the Ministry of Evangelism. I was placed over the Gospel Ministry of Evangelism Class at my church, and I continually prayed for God to help me to know what to do. Seeking God's guidance, and by His grace, I found the School of Christ International Online School.

When I enrolled in the SOC Online School, I was very weak spiritually and lived a life of spiritual defeat. From the first Series, I felt like my journey with Christ was starting a new one! The Lord Jesus touched my life and my wife, Esperance! We went from being victims to being conquerors! We repented at almost every single lesson, and God was doing wonders in our lives!

My brothers and sisters who served

with us within the Ministry of Evangelism also needed to be taught what I learned through the SOC School. I prayed and asked them to join me in that new journey. We decided to put off all the theories we had learned before, both scientific and religious, to be ready to receive the message of Jesus Christ. Our hunger was, and still is, to experience the spiritual life of the First Century Church and to see the Pentecostal message working in our lives and our community. We started from Series #1 and decided to meet one weekend a month. We gathered at my home for two days of prayer and watched one Series per Month. We did this for almost two years. It was tough, but God did wonders! We have experienced life-changing power, repented of our old sins, and recommitted our lives to Jesus Christ! We gave our lives to prayer and holiness, and by the mercy of the Lord, our Ministry went from just a student group of Evangelism to being a real Gospel Ministry. We fearlessly present the Gospel of Jesus to the lost souls and backslidden people. Many receive Jesus Christ as their Lord and Savior, while others are being revived! God is

doing wonders and will continue to do wonders! We are praying that God will bring true revival to His Church in Rwanda because the Church in our country has mixed herself with the world.

My wife and I, with our team members in the Ministry, are experiencing a spiritual transformation by the Holy Spirit! We are preparing to be vessels of recovery, ready to be used by the Lord. We praise the Lord Jesus for the revelation received through the SOC and for what He is doing in our own lives and the lives of those around us. However, we need prayers for the Church in Rwanda to experience true revival. The path is still long with many obstacles, but we believe in the overcoming power of Jesus Christ!

May God bless the SOC! The School of Christ's message blesses us. I have been changed and transformed by it!
