Mexico Continues to Train Workers  
by Victor Montoya

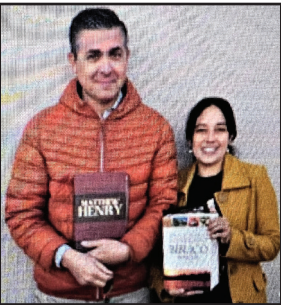

Pastor Montoya and his wife Maria.

I, Pastor Victor Montoya, and my wife Maria warmly greet you in the Name of Jesus. Almost seven years God called and entrusted us to open a work called Rocío de Hermon (Dew of Hermon) in the city of Rosarito, Mexico. After six months of pastoring, we started teaching the School of Christ International material, founded by B. H. Clendennen. God began to add disciples, and we began to train them through these wonderful teachings. This training has blessed their lives,

and they are abiding in Christ today. The Lord led us to open another work in the city of Culiacan, Sinaloa. From this work, we have added three more churches: Caimancity, Navolato, Choipa Guasave, Sinaloa, and Navolato.

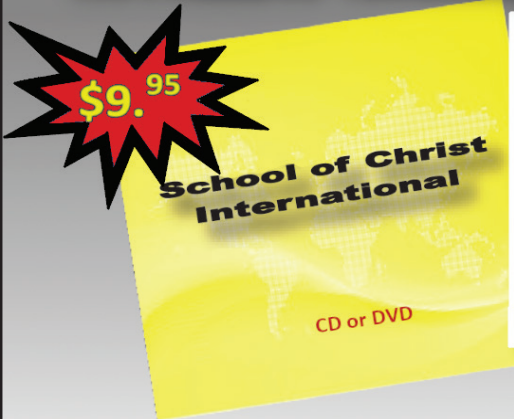

We pray that the Lord will help us train the disciples from these new works to fully know what the Lord wants us to do in this ministry by His Holy Ghost. This is the fourth time we have taught

Pastor Montoya and Maria when they graduated from SOC.

"In the 1960s, my Dad, B. H. Clendennen, wrote this book entitled 'The Way of God.' Under the titles of 'The Power of the Cross,' 'Attitudes,' 'The Holy Ghost Baptism,' and 'The Leadership of the Holy Spirit,' he uncovers truths from the Word of God."

Brenda Clendennen Turnage

The School of Christ  
International staff wishes you  
and your family a very happy  
and blessed Thanksgiving!

Mexico...

we have taught the SOC since we began to walk in the True Gospel. We learn something different every time we take these teachings. We thank the Lord for this real and radical training in our hands. We have not only learned about Christ, but we learned Christ. I am attaching some testimonies from Brothers and Sisters that have gone through the Classes of the School of Christ International. To God be the Glory!

TESTIMONIES:

Adrian Herrera Benitez

After going through the SOC, it changed my life. The teachings contained in this study caused me to grow Spiritually in my relationship with Christ. Everything now is different than before. I have grown as a servant of Jesus Christ and in the call given to me by God. I have grown in the wisdom and understanding of God's Word. But above all, I have grown Spiritually. I praise the Lord for helping me find a church where this teaching is taught. I also thank the School of Christ International and

Founder B. H. Clendennen. God bless everyone that made this School possible and for supplying the books and material.

Georgina Zarate

Through the Discipleship Series, I learned so much about what the Word of God is saying. I learned what true repentance is, faith, and prayer. I learned that we could become a vessel in the hands of our Lord Jesus Christ. I have fallen in love even deeper with Christ and delight in His Word. The Holy Ghost has transformed my life, and I have grown spiritually. The training I received from the SOC School is helping me face the serious trouble I am going through, like my son's divorce.

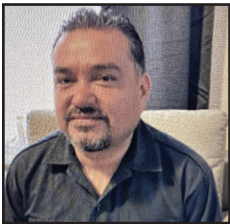

God allows us to go through the wilderness to draw us closer to Him, and then He sends times of refreshing. My nephew was lost, doing drugs, and he was not even able to recognize people anymore, but now God is glorified in his life. Through prayer and fasting, God

saved him. Along with the people in our church, we can see him growing, and the life of Christ is being manifested in him. I am thankful to God for all His blessings.

Antonio Wenceslao Herrera

This is a small testimony of what our Lord Jesus Christ has done in my life through the School of Christ teachings. In September 2010, the Lord was merciful to me, and I was born again at the age of thirty-one. International because I have learned so much about the things of God. He has changed my life and I am going to work for Him. I learn more everyday from these wonderful books called the School of Christ that God brought to our Rocia de Hermon Church with Pastor Victor Montoya. I am so thankful for everything the Lord is doing. God bless you for sending these lessons.

We will share more Mexico testimonies in upcoming editions.

SOC Continues Strong in Honduras

by Delvis Mercado

Delvis Mercado  
SOC Field-Worker

We live in difficult days, but we must carry out the work God Almighty entrusted us with. Yet, the Word of the Lord is sure to all the saints. "And I appoint unto you a kingdom, as my Father hath appointed unto me;" Luke 22:29. The Word of God stirs our Spirit to move forward in the middle of all the chaos and confusion for the Light must be manifested.

Almost two years have passed since Honduras has been able to hold full-time Schools or group meetings because of the pandemic, but God raised up courageous men with their minds made up to do what God has called them to do. Pastor Jose Martinez from rural Atlantida, a humble Man of God, is one of these men. He invited students to come and be a part of the School. Over fifteen students responded to the challenge and eleven graduated.

Pastors from Honduras in the altar seeking God after hearing the message "Rebuilding According to God's Standard" from SOC Series Rebuilding the Gate.

The meeting took place under the direction of Pastor Martinez and his congregation. It was beautiful to see the sacrifice they made to have everything ready for Pastors from other cities to be in these special services. We were greeted with great joy. Since Dr. Marion Dodson can no longer travel to Honduras, it was a great comfort for them to see me and the people traveling with me. I encouraged them to move forward, knowing how much Dr. Dodson was loved and missed. I was reminded of what God spoke to me when Founder B. H. Clendennen went home to be with the Lord. He said, "Men pass away, but God's purpose will stand forever."

Even though Dr. Dodson is no longer active in Honduras, his prayers remain with us. We are seeing the work he started still producing fruit in this country.

At the conference's closing, I can testify that the Pastors were empowered by the Word that confronted their lives. We had time to wait upon God

in prayer, and we felt the presence of the Holy Spirit among us. I met Brother Robert Meniel who graduated from the first SOC in Honduras in 2002. He is now working with us to promote the School of Christ across this region. We must continue in prayer and giving for this work that is so necessary for the Church in these last days.

Service at the Encouragement and Empowering Conference.

On June 11th, along with my son Elezara and Pastor Nelson Lopez, we drove over one hundred miles to be a part of a conference for the encouragement and empowerment of the Pastors in Honduras from the cities of Tela, Celiba, and Jutiapa.

SOC graduates attending the Conference in Jutiapa, Honduras.
